## Worth Reading.

### A Splendid Piece of Property

Placed on the Market.

Southern California Land Co.

AGAIN TO THE FORE.

**THE HOWES TRACT.** on Jefferson street, including the handsome home residence and charming grounds of F. C. Howes, Esq., Cashier of Los Angeles National Bank, to be subdivided—375 large lots (one-fifth of an acre each), with nine beautiful residences, including the large cottage of 10 rooms of Mr. Howes, graded streets, etc., to be sold on the homestead plan at \$190 per lot, in payments of \$10 monthly, without interest, with first payment of \$30.

The great success of the Southern California Land Company (Baker Block) with the Childs Tract, Urmston Tract, City Center Tract, Williamson Tract, Eleventh-street Block and Columbia Colony has been owing to the wonderfully low rates at which this popular company has placed first-class, well-located property before the public.

It is refreshing to note in the midst of the boom in real estate, that one reliable firm not only gives to the people homestead lots at about one-third the prices charged by others, but also performs all its promises to the letter, in the building of houses, opening out of streets, putting up electric lights and extending the improvements of our city to its farthest legitimate bounds.

The maps of the Howes Tract are now ready and all will be bustle and activity on this beautiful property; surveyors will be laying off streets and avenues, builders will be placing houses and pushing forward at once all the improvements promised, and the tract, now almost all covered with vines, orange trees and splendid foliage, will put on a metropolitan look and keep up with its beautiful surroundings of costly buildings and cottage residences.

The Howes Tract fronts on Jefferson street, west of Vermont avenue. The location is a very popular one, in the direct line of the city's rapid growth, and will soon be reached by lines of street railroad and the motor road on the west.

A great demand has sprung up, and names are coming in rapidly. The large salesroom of the SOUTHERN CALIFORNIA LAND COMPANY, 244 N. Main st., Baker Block, is filled every evening with subscribers until a late hour.

\$190 per lot is not one-third the price of outlying lots in Pasadena or the rocky canyons around it, and not one-fourth the rate of the farthest subdivision of unmarketable tracts in East Los Angeles.

Compliments Gen. Schofield.

NEW YORK, Nov. 11.—General John M. Schenck was to-night elected a member of the Union League Club in place of the late General Hancock.

Vandeveer Elected Beyond Any Reasonable Doubt.

His Plurality, as at Present Known, is Sixty-three.

Which San Diego Will Probably Increase by Twenty or More.

Hendrick's Plurality Over Moore Will Be More Than 3000.—A Slight Correction in the Returns from Fresno County—Latest Authentic Figures.

By Telegraph to The Times.

SAN FRANCISCO, Nov. 11.—A slight correction in the official figures from Fresno county, and the official figures from Los Angeles county, make the vote in the Sixth Congressional District stand as follows:

	Vanderover	Lynch
Fresno	1,361	1,325
Inyo	349	304
Kern	533	827
Los Angeles	5,367	5,314
Madera	1,430	1,350
Monterey	1,473	1,437
San Benito	531	734
San Bernardino	1,367	1,402
San Luis Obispo	1,375	1,315
San M. Bakers	1,359	1,318
Tulare	1,429	1,385
Ventura	819	572
Total	16,730	17,016

Alpine and San Diego counties are the only ones to have from officially.

Taking Alpine at the figures already given—34 plurality for Vandever and San Diego 300 plurality, which figures are not likely to be materially changed—the result is a total plurality of 63 for Gen. Vandever.

EN. TIMES.—LATEST ON GOVERNOR.

SAN FRANCISCO, Nov. 11.—Official returns were received to-day from Contra Costa, showing Swift 1321, Bartlett 1147, Los Angeles: Swift 5489, Bartlett 5054. When the official returns are all in, Waterman's (Rep.) majority for Lieutenant-Governor will be about 1000. Bartlett, Rep. for Secretary of State, will, on estimate made to-night, have a plurality in the State of 5000.

FRESNO CORRECTED.

SAN FRANCISCO, Nov. 11.—A correction in the official count from Fresno county, as reported to-night, is as follows: Swift 1191, Bartlett 1740; Vandever 1391, Lynch 1365.

SAN DIEGO ALL RIGHT.

SAN DIEGO (Cal.), Nov. 11.—No additional returns from Contra Costa or from the Sixth District have been received. The total stands: Vandever 1328, Lynch 1300.

Vandever's plurality 309. One of the precincts unreported is known to have given Vandever a plurality of 30, making the total known plurality for him 339. The precincts reported do not include those that 173 votes, and ought to give a small Republican plurality. In any event, it is believed that Vandever's plurality can be reduced below 300, and is more likely to exceed those figures.

THIS STRIKE NOT ENDED.

The Leaders say the Men are Confined—dead of Victims.

CHICAGO, Nov. 11.—[By the Western Associated Press.] The report telegraphed from here that the strike was at an end was based upon direct information from the packers. At 10 p.m. information is received from the same source that the report proves to be false.

Before entering the hall, at 8 p.m., Barry and Carleton were seen and questioned concerning the reported collapse of the strike. They denied emphatically that there was any truth whatever in the statement that Carleton, who arrived to represent the representatives of Powderly, had

instructed the strikers to fight to the death.

It is at this place that the strike was placed under the springs, as it only makes short stops between that place and Dubois.

It is 30 miles from the place of starting, and how it was possible for the train to run that distance in so short a time is a mystery.

Thirty-four persons were in the coach. Suspicion points directly to no person on the perpetrators of the strike. The report says that the strike was off and been given out solely for stock-jobbing purposes.

Some Light-weight Coins.

WASHINGTON, Nov. 11.—Controversy recently arose between the receiver of the land office at Marysville, Cal., and the United States Assistant Treasurer at San Francisco, with regard to some light-weight gold coins which a farmer sent to the latter for deposit in the regular course of business.

It is expected that the receiver will refuse to receive and return to the receiver after stamping the coins with the word "light."

Some correspondence on the subject has passed

between the Treasury Department and the Indians, and the last communication being a letter from Commissioner Sparks, of the General Land Office, to whose Secretary Lamar had referred the previous letter from the same department.

Spain says that the master of the ship one over which he had control, but that in his opinion the receiver of Marysville had a perfect right

to send to the Assistant Treasurer

for deposit United States coined money,

and that if the Assistant Treasurer

should receive coins in weight he should nevertheless have taken them and have given the receiver credit for them at such reduced valuation as their deficiency in weight might require.

Cause of the Philadelphia Fire.

PHILADELPHIA, Nov. 11.—An explosion occurred in the cigar-manufacturing of Henry H. Sheep & Co., Nos. 1706 and 1708 Randolph street, this afternoon, which blew out the rear wall, badly injuring a number of young men, women and girls, and imperiling the lives of over a hundred more.

The manufactory is a three-story brick structure. Just before the explosion the engine had stopped up steam and then started the Randolph street fire department.

He states that he had been there but a few minutes when he was startled by a loud noise, which was followed by the upper part of the rear wall falling out, and the screams of women in the upper story. A girl named Carrie Barnes, aged 18, is missing, and a dozen others more or less injured.

A Rare Operation.

NEW HAVEN (Conn.), Nov. 11.—Doctors Bacon, Iver and Sanford yesterday performed the delicate and difficult operation of delivering a child in the uterus.

The mother is Mrs. Blakesley, of this city. The child weighed 12 pounds.

Mrs. Blakesley was very low this morning, but Dr. Bacon gives some assurance that she will recover.

Dairymen on Oleomargarine.

CHICAGO, Nov. 11.—In the Dairy Committee to-day, the report of the committee on legislation gave rise to considerable discussion resulting in the adoption of a resolution instructing the committee to exert all possible effort to further and regulate the manufacture and sale of oleomargarine.

Cold-Blooded Murder.

SAN FRANCISCO, Nov. 11.—The coroner's jury to-day rendered a verdict in the case of Manlie Kelly, who was shot by Aleck Goldenson yesterday. The verdict is as follows: "We find that the deceased, Mary Elizabeth Kelly, a native of San Francisco, aged 14 years, came to her death on Wednesday afternoon, Nov. 10, at the corner of Polk street and 14th. A bullet fired by Aleck Goldenson. We further believe that said act was done with deliberation and malice aforethought and with intent to kill." The coroner's jury found Goldenson guilty of cold-blooded murder.

Combination of Brewers.

NEW YORK, Nov. 11.—The brewers of Patterson and Newark have joined hands

with those of New York and Long Island

in forming a combination to compete with the dairymen and put a check on beer

and lager beers.

Each brewer is required to deposit \$15,000 in cash as a guarantee of good faith, this sum to be forfeited if the agreement is violated.

It is estimated that the fund will reach nearly \$1,000,000.

To the Editor of the Evening Post.—Sir:

Will you kindly permit me through your columns, to reply to many who still inquire concerning my real name? I am a citizen of a Chinese magazine, that my connection with this paper is irreconcilably ended more than a month ago, also, that reported interviews with the publisher of that paper have come from the train in which they have said of me to deserve one of Terence's signs of the worse of lies? These falsehoods would be as harmless as they are ridiculous, except for the sad fact that they are widely circulated in papers which receive and lend them to kindly readers, among whom some, feeling kindly towards me, may sorrowfully believe them, until they are undeceived.

ROSE ELIZABETH, CLEVELAND.

Powdery Won't Talk.

PHILADELPHIA, Nov. 11.—Powdery this evening again declined to be interviewed on the Chicago beef and pork butchers' strike. He said Carlton and Barry had full charge of affairs in Chicago in behalf of the General Executive Board, and in view of their better knowledge of the situation, he did not care to discuss any branch of the subject with the messenger information he had at hand. His attorney and deponent deny that he had sent an order to Chicago directing the men to return to work on a ten-hour basis.

Indignant San Francisco.

SAN FRANCISCO, Nov. 11.—Preparations

are in progress for holding an indignation mass meeting at an early day, to express the feeling of the community over actions in the cases of many murderers now confined in jail in this city, and particularly to express the sentiments of the people over this

last atrocious case.

### BULGARIA BEGGING

For Some One to Come and Rule Over Her.

Waldemar will Probably Decline the Thankless Position.

If He Don't the Czar will Have Something to Say.

Possible Combination of England, Germany, Austria and Italy—Italian Iron-clads Ordered to Join the British Fleet—Bismarck's Candidate for the Throne.

By Telegraph to The Times.

BERLIN, Nov. 11.—In political circles here it is considered certain that Prince Waldemar will decline the post of Bulgarian ruler. Prince Bismarck is inclined to favor Prince Nicholas, of Montenegro, as a candidate for the throne.

RUSSIA MUST SHOW HER HAND.

PESTH, Nov. 11.—After the election of Waldemar yesterday the Austrian and German ambassadors at St. Petersburg were instructed by their government to inform the Russian ambassador the name of the candidate he favored as Alexander's successor. If Russia refuses to accept the election of Waldemar it will be conceded that she entertains designs against Bulgarian independence, and in this event England, Germany, Austria and Italy will be compelled to unite in sending similar to the one that existed among them at the period of the Berlin conference.

WILL PROBABLY REFUSE.

TIRNOVA, Nov. 11.—Waldemar has sent a telegram to the regents expressing his grateful sense of the honor conferred upon him by the Sobranie in electing him Prince of Bulgaria. However, the decision as to his acceptance rests with his father, the King of Denmark, and adds that other duties may prevent his assuming the rulership of Bulgaria. The Prince's reply is considered to press his refusal of the throne.

PROBABLY A USELESS MISSION.

TIRNOVA, Nov. 11.—The Bulgarian delegation appointed to convey to Prince Waldemar the official notice of his election by the Sobranie to succeed Prince Alexander have departed for Cannes, France, where the Prince is in sojourning.

THE CZAR'S WEDDING.

LONDON, Nov. 11.—Reliable advices from Vienna say that the Czar declines to accept the election of Prince Waldemar, but will not oppose Prince Nicholas, of Montenegro.

THAT WOULD BE TERRIBLE.

COPENHAGEN, Nov. 11.—The Gazette says that King George, of Greece, will leave Athens if his brother, Prince Waldemar, accepts the Bulgarian throne.

WALDEMAR AND BULGARIA.

PARIS, Nov. 11.—A report in circulation here declares that Waldemar will not accept the Bulgarian throne.

FLOODS IN ITALY.

ROME, Nov. 11.—The rivers Po and Adige have overflowed and submerged the country along their course. The town of Comonbo is submerged. Railway service between Nice and Genoa is interrupted.

SAN FRANCISCO, Nov. 11

**BELL TELEPHONE.**

**OPINION RENDERED BY THE U. S. CIRCUIT COURT.**

**More Election Returns—The Packers' Strike Apparently a Failure—The Adams Express Robbery—Botted Shoes for Gen. Miles's Troops.**

CINCINNATI (O.), Nov. 11.—The opinion of the United States Circuit Court in the case of the Government against the American Bell Telephone Company was delivered this morning by Judge Sage. It is very voluminous, and was in favor of the American Bell Telephone Company.

Taking up at first the motion to quash the complaint granted in the motion on the ground that service according to the marshal's return, had been made upon local corporations in Ohio, designated in the return as agents and partners of the defendant. The court found that such corporations were not such agents as are contemplated by Ohio, defining the methods of obtaining service upon the foreign corporations of Ohio. As to the claim that the government had been delaying in a suit it had made against the company domestic in the entire territory of the United States co-existent with the patent, the court held that it could not be satisfied. The right to demand such service is right to exclude others from making and selling his patent. His right to sell is only common law right, and is not a franchise from the government. The bill was dismissed for want of jurisdiction, and without prejudice to instituting a suit elsewhere.

**A Complete Backdown.**

CHICAGO, Nov. 11.—The Packers' association held a prolonged meeting with closed doors last night and after much talking adopted a resolution which seemed to be a complete backdown from their extreme determination to have organized laborers from employment in the Chicago stock-yards. The following is the resolution:

Resolved: That while we will not exclude from our employment members of such organizations, we will exercise the right to employ and discharge whom we please and conduct our business on the ten-hour plan and according to our best interests.

**All Quiet at the Stock-yards.**

CHICAGO, Nov. 11.—The situation at the stock-yards this morning shows some improvement. All packers report their forces increasing, and among the applicants who worked to-day are several old men. Contrary to the general expectations, the army of workmen engaged by Fowler & Co. in the yards have returned to their work and reached their employers' establishment without any molestations. Everything quiet at present.

**The Strike a Failure.**

CHICAGO, Nov. 11.—It is believed that the great strike at the stock-yards is nearing an end. Its result is to "change the world." Penderly has ordered the men back to work. The same report is current at Armour's down-town office, although they have no official confirmation. So many new men have come in during the past few days that the packers say they need no men now.

**The Adams Express Robbery.**

ST. LOUIS, Nov. 11.—Evidence in the express robbery case made public, goes to prove that Messenger Frothingham was an accessory, or at least a willing victim to the affair. The despatches in his statements to the press indicate that he knows more of the transaction than the robbery was planned and executed than he would like to have them know. An expert penman who was before the grand jury last Saturday stated that the three letters signed "Jim Clegg" were written by the same man who was Frothingham, and that he wrote them before the commission of the robbery. It now transpires that the messengers themselves skinned both the robbery and a number of shots of powder were recovered covered with copies of the signature "W. J. Barrett," manager of the express company. It is supposed that the messenger company is to blame for the orders which the robber presented, which allowed him to enter the car.

**Mormon Converts.**

PITTSBURG, Nov. 11.—New England, a thriving little village a few miles back of Palo Valley on the Monongahela river, was visited by two or three Mormon missionaries a few months ago, who began to preach their doctrine to the people. Some twenty of the citizens, including their families, have been converted to the Mormon faith, and are making preparations to depart for Utah. Several hundred converts will leave for Utah in a few weeks, while the remainder will go just as soon as they can dispose of their little real estate, which many of them have secured from the savings of almost a lifetime. The converts are largely composed of English coal miners, who had but little intercourse with the outside world.

**The San Francisco Murderer.**

SAN FRANCISCO, Nov. 11.—In regard to the character of Alex. Goldenson, who shot and killed Jamie Kelly, the school girl, yesterday evening, it is now known that he has been before the courts twice for a felony, one each for misdemeanor, drunk and vagrancy; and for violating the 8 o'clock order. His preliminary examination for the murder has been set for the 13th inst.

**Death of a Journalist.**

ALBUQUERQUE (N. M.), Nov. 11.—Col. Bell died suddenly last night in his room, in the First National Bank building. He was largely interested in the coal business at Galtip, was a noted literature of New York, and at one time had editorial management of "Free Lance," a popular paper. He was about fifty-five years of age. His family, consisting of a wife, son and daughter, are spending the season at Pasadena, Cal.

**An Amicable Settlement.**

JERSEY CITY, Nov. 11.—The strikers at the hog abbatoir on Hackensack meadows all went back to work this morning at an increase of wages. The company refused to dismiss two foremen, as the strikers demanded, and also refused to treat with a committee of the Knights of Labor who waited upon them. After a conference with the committee of strikers, the bosses succeeded in making an amicable settlement, to the satisfaction of all concerned. Both parties made concessions.

**Assault and Battery.**

SAN FRANCISCO, Nov. 11.—Albert Lysier, principal of the John Swift Grammar School, has been arrested on a warrant sworn out by Henry Mayer, charging Lysier with battery. The arrest grows out of an assault that occurred on Friday evening. The directors are Percy R. Wilson, William B. Crisp, W. A. Andrews, P. T. Reed, N. H. Hosmer, John Hart and J. H. Lewis.

**The Churches.**

The revival meeting in the First Methodist Church had a good attendance last evening. The services consisted of preaching, singing and exhortation to the unconverted to come forward and be prayed for.

At the Baptist Church the services were similar, but the attendance was not so large.

**Dairymen's Convention.**

CHICAGO, Nov. 11.—There was a large attendance at the annual dairymen's convention this morning. President Windsor made a speech, and statistical reports from various markets were read and discussed by the convegents. There were numerous attacks made on bogus butter and its deleterious effect during the session.

**A Kidnapped Chinawoman.**

SAN FRANCISCO, Nov. 11.—Among the passengers who recently arrived on the steamship City of Sydney was Lucy Ah Gin, a Chinese woman, who was not permitted to land by the customs officers. A writ of habeas corpus was sent out in the United States District Court in her behalf by a warden employed in the Palace Hotel today, in the United States District Attorney's office, she stated that she was kidnapped at her home in China and taken to Hongkong, where she was beaten and her photographs taken and was given to a picture-house in this city. She was told to repeat on her arrival here, that she had lived at a certain small town in this State, and that she would be killed if she did not repeat the story told to her when she was taken before Judge Hoffman, who commanded her to be returned on the City of Sydney to China.

**Rotten Wheat.**

WASHINGTON, Nov. 11.—General Miles, in his report on the Apache campaign, stated that the soldiers of Captain Lawton's command were materially crippled in their efforts, by the miserable shoes from the military prison at Fort Leavenworth, Kan., and that the worthless material frequently fell to pieces in three or four days' marching. When this report was received at War Department, the Secretary of the Military Board of which Gen. Terry was president, was at once called to the matter, and the board was directed to make a thorough examination and investigation of the complaints. The report of the board, with its recommendations, has been received at the War Department, and is now before the Secretary of War.

**A Terrible Blow.**

NEW YORK, Nov. 11.—Joseph O'Leary, of Los Angeles, Cal., walked across Park street yesterday from the corner of Chamber street, passing under the pumping station of the Elevated Railroad just as some workmen were hoisting up a piece of T-iron. The iron struck him in the head, passing through the nose and fell 13 or 15 feet, striking O'Leary on the head. He was taken to the Chamber-street hospital, suffering from the shock and concussion of the fall. He was bleeding profusely and showed other symptoms of having fractured the base of the skull. O'Leary is 29 years old and single.

**Want to Him Hanged.**

SAN FRANCISCO, Nov. 11.—The mother of the young school girl, Jamie Kelly, by Alcock Goldenson, yesterday afternoon, is attracting more attention than murderers usually do. The crime is looked upon as one that was prompted by the lowest and most selfish of passions. The sad fate of the young girl is lost sight of in the fact that so base a creature as this young man is likely to escape hanging.

**Charged with Bribery.**

NEW YORK, Nov. 11.—In obedience to summonses served on them yesterday, "Jake" Sharp, Jim Richmond, James W. Fossey and Thomas B. Ker appeared in the Court of General Sessions to-day to plead guilty to the charge of being in the pay of Broadway railway master. All pleaded "not guilty" and the cases went over until Monday.

**Literature and Sulphur Water.**

The "Literary" met in the parlors of the Iron-Sulphur Springs last Wednesday evening. Quite an extensive programme had been prepared, the rendition of which proves that the "Literary" is a success and is doing some good literary work. A review of the American for October, by Mr. Hazard, is worthy of special notice, as it was a well-written and comprehensive paper. The topic for the next meeting, which meets two weeks from last Tuesday evening, is "Longfellow," when each member must give a quotation from that author.

**Railroad Matters.**

There is talk of a new railroad survey by the Atchison people, starting from the Bigelow place and running northeasterly along the arroyo between Boyle Heights and the County Hospital, and crossing the Southern Pacific Railroad near the power house, thence via Rose's and Covina to San Bernardino. The California Southern will send an excursion to San Diego this morning in order to give visitors a chance to attend an auction sale of Coronado-beach lots. Superintendent Hewitt, of the Southern Pacific Railroad, has been sent out on the road several days.

By Telegraph to the Times.

SAN LUIS OBISPO, Nov. 11.—It has been determined to build a bridge across the Salinas at once at Templeton. The railroad has passed the springs and made the terminus at Templeton. No freight has yet been shipped this side of San Miguel and the first train will arrive in Templeton tomorrow with freight and 100,000 feet of lumber. The Templeton Times, under the management of W. D. Haley, of the San Jose Mercury, will be issued at Templeton, the initial number appearing the last of this month.

**A Pioneer's Suicide.**

PORTLAND (O.), Nov. 11.—Job Connor, an old pioneer and wealthy farmer of Polk county, committed suicide near Dallas this morning by cutting his throat. He was a member of the United States Grand Jury which convened here recently, and while the jury was in session he wandered away from the city and was found in Washington County after two days and nights of wandering. No cause was assigned for his insanity.

**SWIFT'S SPECIFIC.**

Nature's own remedy, made from roots gathered in the forests of Georgia. The method by which it is made was obtained by a half-breeding Indian, who inhabited a certain part of the state, and was communicated to one of the early settlers, and thus the formula has been handed down to the present day. The demand has increased to such an extent that a new laboratory is now necessary to supply the trade. A foreign demand has been created, and enlarged facilities will be required to meet it.
